### **O'Fallon District 90 Building/Finance Joint Committee Meeting**

Update your calendars. February 6th 2024 the O'Fallon District 90 Building/Finance Joint Committee will hold a meeting to discuss "Further Prioritization of Facilities Master Plan" and "Finance--WC Bond Sale Timeline Review". This is truly a good thing, as their priority of the 88 items in Phase I were all rated exactly the same! All 'Phase I'. What does that even mean?

The OTHS District 203 Facilities, Transportation, and Safety Committee held a similar meeting on Tuesday, January 23rd 2024, and actually did prioritize and identify some of the funding for their projects.

Come on out and see what the O'Fallon District 90 Board of Education is up to. So don't be shy! They need your input! 5:30 pm at the district office, 118 East Washington Street.

### **Community Property Tax Forum**

Our Tax Money (OTM) is seriously considering hosting a Community Property Tax Forum this spring. Date is yet to be determined, but possibly in April. We would like to

hold this forum to help all of our neighbors understand the processes that occur to allow local taxing bodies to take our money and spend it 'on our behalf'.

We will certainly let you know when the forum will happen and where. In the meantime, we would love to hear from you in the Our Tax Money Facebook group or through our website ([www.ourtaxmoneyofallon.com](http://www.ourtaxmoneyofallon.com)).

What would you like to hear? What would you like to discuss? Yes, we want you to talk also! We want you to be heard! What are good days and times? Saturday morning versus an evening during the week? No one time is best for all. Will you attend if we host the forum(s)? Will you bring your neighbors?

We are looking forward to a healthy exchange of ideas and information concerning Our Tax Money!
